# Welcome to TMproductions

## WHO WE ARE

We are a dance focused studio that also provides education and instruction in voice and acting. The goal of TMproductions is to bridge the gap between recreational and competition dancing. There is a distinct group of students who have the desire to train in a more professional setting with the goal of pursuing a career in the performing arts. TMproductions caters to those students. Having worked with students of all ages for over 10 years in dance, and as a former student performer herself, owner Tosha Marie wanted to offer outside instruction in dance for performing arts students who want to potentially pursue a career beyond high school.

In traditional dance studios there are annual recitals and competitions that are the main focus for the students. At TMproductions, we are encouraging our students to perform outside of the studio, therefore, we are able to provide technique based training without the pressure of an added mandatory performance that might conflict with other productions. When a student misses class for rehearsal, they have the opportunity to make it up, without feeling like they are missing important choreography or letting down their classmates or instructors. We have individual class options as well as training avenues. Basically, we can create a supplemental dance program to suit each student's needs. Class times vary between immediately after school, to early evening to accommodate rehearsal schedules. We also offer multiple levels to make sure every student feels comfortable dancing with people who are on their same playing field.

## Our Mission

We aim to bridge the gap between recreational and competitive dance by providing the best instruction from working professionals in the field to dedicated students who have the drive to push to become the best versions of themselves in their pursuit of a potential career in the performing arts.

## Our Values

- We want to create a positive, nurturing, and inclusive environment for our students
- We will set the example and help cultivate a drama free atmosphere
- We will instruct at our highest level to push our students beyond what they thought they were capable of accomplishing

- We want to impart knowledge beyond dance moves to help our students be prepared in the real world pursuit of a career in the performing arts
